

Yearbook 21-22 Student Information

Do you love taking pictures of your friends? Do you enjoy going to sporting events and school activities? Are you interested in creating something the whole school will love? We are excited to offer Yearbook class as an alternative to your general art class this school year! If you are interested in photography, design, or journalism this may be the class for you!

Yearbook students will:

- Attend the yearbook class Fall semester rather than a traditional art class
- Commit to attending yearbook club on Fridays for Spring semester
- Care for all equipment provided to complete yearbook work
- Take pictures at school events
- Design a yearbook that students will receive at the end of the year
- Interview students and teachers
- Show student leadership and represent all students when working on the yearbook

If you are an 8th grade student and this sounds like the class for you, please complete this short application. There are only 20 spots for the yearbook staff, so complete your application to the best of your ability!

Student Yearbook Application

Name (first and last): _____

Why do you want to be on the yearbook staff? _____

Do you commit to: attending yearbook class and club, caring for all equipment, and showing leadership as a yearbook staff member? _____
